# What is Java Drink

Java Drink is a natural herbal beverage made from carefully selected Indonesian herbs such as ginger and turmeric. It brings warmth, comfort and goodness to support your healthy lifestyle every day.

# History of Java Drink

Java Drink draws inspiration from Indonesia's rich tradition of herbal beverages, passed down through generations, and is known as a hub of spice culture and traditional herbal medicine.

As a modern herbal beverage innovation, Java Drink combines traditional recipes with hygienic, high-quality production processes to create a convenient, delicious herbal beverage that retains the authentic flavors of the Indonesian archipelago.
